

**\$200
CONNECTS
1
HOME**

Women and girls carry the burden and can spend up to 6 hours a day collecting and cleaning water.

So 6 hours x 365 days per year - that is 2,190 hours they can spend learning at school or earning an income to improve their quality of life.

#WATER MATTERS

Without clean water,
you can't stay healthy.
If you can't stay healthy,
you can't go to work or school.
You can't build a home.
You can't grow food,
and you can't provide for your family.

**JUNE
22-30**

**GOAL:
Connect 50 homes
in Cambodia to
affordable clean
water
\$10,000**

Join our Fundraising Challenge **#WaterMatters** and help World Hope International to **connect 50 homes** in Cambodia to piped clean water.

Currently **women and girls spend up to 6 hours a day collecting and cleaning water** for consumption. WHI can connect clean water directly to their homes with our TapEffect Clean Water project.

For every \$200 that you raise WHI can connect **1 household to affordable clean water.**

Ask your friends, family and Church community to give a **Tax Deductible donation** and make a difference in the lives of other children and youth in Cambodia.

Some Fundraising Ideas:

- Cake/pie smash - smash the Youth leader with a cake or pie if the youth meet their target
- Someone tips a bucket of water over the Pastor or Youth Leader for every 5 homes that are funded
- Flamingo or toilet seat someone's yard with a note of ransom for \$50 (this one needs to be done carefully and respectfully with those that the youth know - not some random neighbours yard as they could be charged with trespassing.)
- Paint or decorate sneakers and sell them to church folk or online via your social media
- Dough for dough - make two or three biscuit dough batches that people can purchase - or make fresh batch of biscuits for people to purchase
- Physical activity such as jump rope or push up challenge - 25 push ups a day for one week and have people sponsor \$25 a day or \$25 for just one day of the week
- Or come up with your own idea to fundraise.

1

Agree on how many homes you will connect (how much money you will raise)

2

Register your youth group fundraising page here:
